If said board shall thereupon not entirely repeal said ordinance, it shall submit the same to a vote of the electors either at a general election or a special election to be called for the purpose, and such ordinance shall not go into effect or become operative unless a majority of the voters voting upon the same shall vote in favor thereof. Such petitions and the provisions of the law relative to the duty of the clerk in regard thereto and the manner of voting thereon, shall conform to the rules provided herein for the initiation of legislation by the electors.

"SECTION 2 A new section is hereby added to the Political Code to be numbered Section 4021a. and to read as follows

"Sec. 4021a. The holder of any elective office of any county may be removed or recalled at any time by the electors, *provided*, he has held his office at least six months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the county clerk, which petition shall be signed by registered voters equal in number to at least twenty per cent of the entire vote cast for all candidates for the lower house of the United States Congress in said county at the last preceding general election, and shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the voters. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. The

signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number, if any. One of the signers of each such paper shall make oath before an officer competent to administer an oath that the statements therein made are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition, the clerk shall examine and from the records of registration ascertain whether or not said petition is signed by the requisite number of qualified voters, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the board of supervisors without delay, whereupon the board shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; *provided*, that if a general election is to occur within sixty days, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose the removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the manner prescribed by section 1188 of this Code. Upon the sample ballot there shall be printed in not more than two hundred words the reasons set forth in the recall petition for demanding the recall of the officer, and upon the same ballot in not more than two hundred words the officer may justify his course in office. There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office.)?" following which question shall be the words 'Yes' and 'No' on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote 'no,' said incumbent shall continue in said office. If a majority shall vote 'yes,' said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected, for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law."

Amendment adopted.

By Mr. Stevenot:

WHEREAS, The poet says that people are growing old when silver threads appear among the gold; and

WHEREAS, The Speaker of this Assembly is a bright and shining exception to this rule, because of the fact that, although he is now entering upon his silver anniversary of twenty-five years of wedded life, he still shows no tokens of it in the golden threads of animated energy that cause him to move as a young man, although the animosity of political warfare has lightened the burden of his locks to some extent; and

WHEREAS, We all recognize that he is entitled to be heartily congratulated upon having a pleasant life ahead of him; therefore, be it

Resolved, That we, one and all, heartily congratulate the Speaker of this Assembly and his wife, and wish them many more years of prosperity and happiness, and hope that we will all be able to be with them when the golden threads of life have turned to silver.

RESOLUTION.

The following resolution was offered:

By Committee on Federal Relations:

WHEREAS, It is reported that the draft of the new treaty between the United States and Japan, sent to the United States Senate the 21st instant by the President of the United States, omits all restrictive features concerning the coming of Japanese laborers to the United States; and

WHEREAS, The Assembly of the State of California, relying in good faith upon assurances from official sources given to the people of the State during the last four years that the immigration to this country of such laborers was precluded by a "mutual agreement" between our government and that of Japan, and that the latter nation was as anxious to retain, as we were to exclude them, patriotically and patiently, observed calmness pending negotiations for a new treaty, and

WHEREAS, This Assembly notes with sincere regret the reported omission from said treaty of such protective measures as are vitally necessary to the interests of California and the welfare of its citizens, or, in lieu thereof, of such provisions therein continuing in force the said "mutual agreement," which has in the past been referred to by the Federal authorities as our shield and protector, and

WHEREAS, Our people have been led to believe and to hope that there would be no surrender of our rights in the premises; therefore, be it

Resolved, That the Assembly of the State of California earnestly urges the President of the United States to withdraw said treaty from further consideration by the Senate of the United States; *provided*, that proper protection is not provided for by said treaty as herein requested; be it further

Resolved, That we appeal to the Senate of the United States, in the name of the people of the State of California, to withhold and refuse its assent to a compact fraught with so much danger to our citizens, to our industrial development and to our civilization, be it further

Resolved, That our Senators in Congress be instructed, and our Representatives in Congress requested, to use all honorable means to prevent the ratification of said treaty, unless by proper amendment the rights of our people are fully therein protected; be it further

Resolved, That the Governor be requested to immediately telegraph a copy of these resolutions to the President, the respective Houses of Congress and to our Senators and Representatives in Congress.

GOVERNOR'S MESSAGE.

On motion of Mr. Bohnett, the following message from the Governor was read and ordered printed in the Journal:

EXECUTIVE OFFICE, STATE OF CALIFORNIA,
SACRAMENTO, February 23, 1911.

To the Legislature of the State of California:

Last night I transmitted to the President of the United States, and the others to whom the matter was directed, the preamble and resolution adopted yesterday by the Senate relating to the contemplated treaty with Japan. This morning I am in receipt of the following telegram from the President:

"THE WHITE HOUSE, WASHINGTON, D. C., 23-11.

Governor H. Johnson, Sacramento, California.

Have the resolutions transmitted by you. The treaty and the assurances from Japan as to the continuance of the present arrangement are exactly such as you approved when the Secretary of State and I explained them to you here. Will you not explain this to the two houses of your Legislature to prevent action by reason of misunderstanding.

W. H. TAFT.

In explanation of this telegram, I convey to you that in December, while in Washington, in conversation with the President, and subsequently with Secretary Knox, I stated that, in my opinion, the people of the State of California desired Japanese exclusion. The President and the Secretary declared the existing arrangement with Japan accomplished this purpose, and that such arrangement would be

continued in the future. I deemed the mode of accomplishing this was for the Federal Government alone; but that if accomplished, our people would be satisfied.

In response to the telegram of the President, which I have quoted, I have this day wired him as follows:

"February 23, 1911.

The President, Washington, D. C.

Have your telegram of this date. In Washington it was explained by you and Secretary Knox to me that the arrangement existing between our government and Japan gave to us exclusion, and it was this desideratum I stated was desired by our people. Am I at liberty to make the statement to the press and the Legislature that the assurances and understanding with Japan are the same as heretofore existed and under which we have been assured exclusion has resulted I have refrained thus far from making any public statement and will not do so except with your permission. There seems to be a belief here that the contemplated treaty will alter the arrangements and assurances that have heretofore existed. If this belief is unfounded, I should be very glad to do what is possible to correct the impression, and would greatly appreciate any statement you may wire me for transmission to our Legislature."

HIRAM W. JOHNSON,
Governor of California "

I have also received this morning the following telegram from Senator Perkins:

"WASHINGTON, D. C., February 23, 1911.

His Excellency H. W. Johnson, Governor, Sacramento, California.

I am in receipt of the resolutions passed by the Senate of the State of California protesting against the ratification of the proposed treaty with Japan and will submit them to the Senate to-day for consideration in connection with the treaty. The present treaty is for twelve years while the provisions of the proposed treaty is for six months, cancellation provisions in treaty in our favor. Secretary State informs us Japanese Government gives every assurance that there will be no immigration Japanese labor into United States. Think treaty will meet approval of our people when its provisions are understood

GEO. C. PERKINS "

And the following telegram from Senator Flint:

"WASHINGTON, D. C., February 23, 1911

Hon Hiram Johnson, Governor of California, Sacramento, California.

I understand from the statements made by you to me when you were here that the continuance of the present arrangements for excluding Japanese laborers would in your opinion be satisfactory to the people of California. The treaty with the diplomatic notes assures the continuance of the agreement between the two nations to exclude laborers and in my opinion it is desirable that the treaty should be promptly ratified.

FRANK P. FLINT."

In reply to Senator Flint, I have wired the following:

"February 23, 1911.

Hon Frank P. Flint, Senate Chamber, Washington, D. C.

When in Washington I was assured that the existing arrangement with Japan assured exclusion and this I stated was in my opinion the desideratum wished by the people of the State of California. I understand from your telegram that under the new treaty the same understanding exists between our Government and Japan, which results in exclusion. Is this correct?

HIRAM W. JOHNSON,
Governor of California "

I am just in receipt of the following telegram from the President:

"THE WHITE HOUSE, WASHINGTON, D. C., 23-11.

Hon Hiram W. Johnson, Sacramento, California

Telegram received. If treaty is ratified as proposed by me, arrangements and assurances that have heretofore existed in respect to Japanese immigration will more certainly secure existing status than the old treaty and you are at liberty to say so on my authority."

WM. TAFT."

I transmit this telegraphic correspondence of to-day to you, so that you may be fully advised. The correspondence speaks for itself and the assurances of the President seem to me definite and conclusive.

Respectfully submitted,

HIRAM W. JOHNSON,
Governor of California.

SEC. 133. Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, the city, at its election and upon the payment of a fair valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the franchise of the grantee be considered or taken into account in fixing such valuation. Or it may be provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which the franchise was granted, become the property of the city, without any compensation to the grantee.

SEC. 134. Every ordinance granting any franchise may further provide that upon the payment by the city of a fair valuation in the manner provided in the ordinance, the plant and property of the grantee shall become the property of the city by virtue of the grant in payment thereunder, and without the execution of any instrument or conveyance. Or in case it is provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which it was granted, become the property of the city without any compensation to the grantee, the property and plant of the grantee shall then become the property of the city by virtue of the grant and without the execution of any instrument or conveyance.

ARTICLE XXI.

INITIATIVE.

SEC. 135. Any proposed ordinance may be submitted to the council by a petition signed by registered electors of the city, equal in number to the percentages herein-after contained: *provided*, notice of the intention to circulate such a petition, together with a copy of the proposed ordinance and a statement in not more than two hundred words, giving the proponents' reasons for the adoption of such ordinance, shall be filed with the city clerk at least five days before such petition is circulated. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed, and that notice of the intention to circulate said petition was filed with the city clerk at least five days prior to the time any signature was appended to said petition. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be

insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

SEC 136 If the petition accompanying the proposed ordinance is signed by qualified electors of the city, equal in number to fifteen per cent of the total number of registered electors at the last preceding general municipal election and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either.

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote under the provisions of Article XXII of this charter), or

(b) Within twenty-five days after the clerk shall have attached to the petition his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

SEC. 137. If the petition be signed by qualified electors of the city, equal in number to at least five per cent of the total number of registered electors at the last preceding general municipal election, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance without alteration shall be submitted by the council to the vote of the people at the next general municipal election that shall occur at any time after twenty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

SEC. 138 Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the council shall cause the ordinance or proposition to be printed, and it shall be the duty of the clerk to enclose a printed copy thereof, together with a statement in not more than two hundred words, giving the proponents' (or opponents' in case of a referendum election) reasons for the adoption (or rejection) of such ordinance, and the statement—if any, in not more than two hundred words made by the council, giving the reasons why such proposed ordinance should not be (or should be) adopted, in an envelope with a sample ballot, and mail the same to each voter at least three days prior to the election, or the council may order such ordinance or proposition, together with the reasons for and against the adoption of the same, to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots.

SEC 139. The ballots used for voting upon such proposed ordinance shall set forth in full the title of the proposed ordinance and shall state the general nature of the proposed ordinance and shall contain the words, "For the ordinance" and "Against the ordinance." If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, said ordinance shall take effect five days after the declaration of the official canvass, which canvass shall be made within seven days after the day of election.

SEC 140. Any number of proposed ordinances under the initiative and any number of ordinances under the referendum may be voted upon at the same election in accordance with the provisions of this article.

SEC 141. There shall not be held under this article of the charter more than one special election in any period of one year, unless the petitioners shall first file with the city auditor a certified check for an amount equal to the total cost of the last preceding general municipal election, for the purpose of defraying the expenses of said special election, and after said expenses are paid and deducted, the balance, if any, shall be returned to the petitioners.

SEC 142. A substantial compliance with the provisions of this article shall be sufficient for the holding of an election hereunder, and the approval or rejection of any measure submitted thereat, and the council shall by ordinance make such further regulations as may be necessary to carry out the provisions of this article.

ARTICLE XXII.

REFERENDUM

SEC 143 No ordinance passed by the council shall go into effect before thirty days from the time of its final passage, except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements and except an ordinance making the annual tax levy and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency and is passed by a four-fifths vote of the council, *provided*, that no grant of any franchise shall be construed to be an urgency measure but all franchises shall be subject to the referendum vote herein provided. If during said thirty days a petition signed by qualified electors of the city equal in number to at least twenty per cent of the total number of registered voters at the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance, and if the same be not entirely repealed, the council shall submit the ordinance as is pro-

vided in Article XXI of this charter, to the vote of the electors of the city, either at the next general municipal election or at a special election to be called for that purpose and such ordinance shall not go into effect or become operative unless a majority of qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of Section 135, except as to the percentage of signers and shall be examined and certified by the clerk in all respects as is therein provided, and notice of the intention to circulate such petition, together with a statement, in not more than two hundred words, giving the opponents' reasons for the rejection of such ordinance, shall be filed with the clerk at least five days before such petition is circulated.

SEC. 144. Any ordinance or measure that the council or the qualified electors of the city shall have authority to enact, the council may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as is provided in this charter for ordinances or measures submitted on petition. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinance or measures herein provided for, if said other questions are such as may legally be submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

SEC. 145. There shall not be held under this article of the charter more than one special election in any period of one year unless there shall be first filed with the city auditor a certified check for an amount equal to the total cost of the last preceding general municipal election, for the purpose of defraying the expenses of said special election; and after said expenses are paid and deducted, the balance, if any, shall be returned to the person or persons who filed said check.

SEC. 146. Sections 138, 139 and 142 of this charter applying to the initiative shall govern elections held under the authority of this article so far as applicable.

SEC. 147. The council shall, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article.

ARTICLE XXIII.

RECALL

SEC. 148. Every incumbent of an elective office, whether elected by popular vote or appointed thereto to fill a vacancy, shall be subject to removal from office by recall by the voters of the city. The procedure to effect such removal from office shall be as follows: A petition, signed by qualified electors of the city equal in number to at least twenty per cent of the total number of registered electors at the last preceding general municipal election, demanding an election of a successor to the person sought to be removed shall be filed with the city clerk; *provided*, that at least five days before any petition for the recall of an officer is circulated for signatures thereto, an affidavit in triplicate by, or on behalf of the person or persons proposing such recall, shall be filed with the city clerk who shall at once deliver one of said affidavits to the office of said officer sought to be recalled, and send one by registered mail to the residence of such officer. Said affidavit shall contain a statement of the intention to circulate a petition for the recall of said officer, a statement of not more than two hundred words, giving the grounds for such recall and the address of the party making the affidavit. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number, and one of the signers of each such paper shall make oath, before an officer authorized to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed, and that said affidavit was filed with the city clerk as hereinbefore prescribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors; and if necessary, the council shall allow him extra help for that purpose and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient it may be amended within ten days from the date of said certificate. The clerk shall within ten days after such amendment make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall order and fix a day for the holding of said election, not less than thirty nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

SEC. 149. The city council shall make, or cause to be made, all arrangements for the holding of such election and the same shall be conducted, returned and the result thereof declared in all respects as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot

without nomination. Other candidates may be nominated as provided in Section 95; *provided, however*, that nomination certificates may be filed at any time prior to fifteen days before the day of election.

SEC. 150. Upon both the sample and official ballots there shall be printed in not more than two hundred (200) words a statement of the reasons for demanding the recall of the officer as set forth in the recall petition, and the statement, if any, in not more than two hundred (200) words, made by the officer justifying his course in office.

SEC. 151. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon the qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

SEC. 152. No recall petition shall be filed against any elective officer until he has actually held his office for at least six months, and no second or subsequent recall petition shall be filed against the same officer for a period of six months from the time of the last recall election relating to said officer nor at any subsequent time during his term of office, unless the petitioners for such second or subsequent recall election shall first deposit with the auditor a certified check for an amount equal to the total cost of the last recall election for the purpose of defraying the expenses of the recall election petitioned for, if at the election said officer is recalled, said check shall be returned to the petitioners, but if said officer is not recalled, said check shall be cashed and turned into the general fund of the city.

SEC. 153. The council may, by ordinance, make such further regulations as may be necessary to carry out the provisions of this section.

ARTICLE XXIV.

SENATE JOINT RESOLUTION NO. 18

Relative to the rights of San Francisco and the cities surrounding San Francisco Bay in and to the use of the waters of Tuolumne River for domestic and municipal purposes.

WHEREAS, The cities surrounding and adjacent to the bay of San Francisco began as early as the year 1871 to plan for and seek out an adequate and available source of supply of pure mountain water for their municipal and domestic needs; and

WHEREAS, After careful investigation and as a result of almost continuous effort from the year 1871 until the present time, these municipalities, by their own action and by that of the city of San Francisco as representative of all, have selected and secured the Hetch Hetchy and Lake Eleanor reservoir sites as the most adequate and feasible sources of supply; and

WHEREAS, These reservoirs are capable of storing pure mountain water, from the uninhabited and barren granite water sheds of the high Sierras in quantities sufficient for the present and future needs of these large and rapidly growing cities; and

WHEREAS, The honorable Secretary of the Interior, being by the honorable Attorney General of the United States first regularly advised that such action on his part would be legal and valid, granted to the city of San Francisco for itself and as representative of said municipalities full reservoir rights at Hetch Hetchy and at Lake Eleanor, and by reason of and based upon this grant San Francisco has purchased at a cost of over \$565,000.00 all private lands and water rights in these reservoirs and owns under patent more than one half the area of each reservoir, and is about completing incidental purchases of additional privately held rights and lands for \$636,000.00; and

WHEREAS, The Hetch Hetchy and Lake Eleanor sources of supply were approved and a bond issue of \$45,000,000.00 for their development authorized by the city of San Francisco by a vote of more than twenty to one; and

WHEREAS, Certain well meaning people, misled by great private interests which would be adversely affected by municipal ownership of such water supply, have actively attacked the grant of the Hetch Hetchy reservoir site; and

WHEREAS, The present Secretary of the Interior, under pressure of these acts, has threatened to attempt to revoke the grant of the Hetch Hetchy site; and

WHEREAS, Such official action is tending to encourage and entrench more strongly the forces of private and corporate greed in their opposition to the development by the municipalities of this necessity of municipal existence, and will, if effected, increase the burden of taxation which must fall upon the citizens of these municipalities by the enforced purchase of rights to water supplies already granted to these private corporations; and

WHEREAS, This action seriously impairs the market value of the said municipal bonds and discourages the purchase thereof, thereby impairing the credit and standing of said municipality; now, therefore, be it

Resolved by the Senate and Assembly, jointly, That it is the sense of the Legislature of this State that the rights of the said city and county of San Francisco and the incidental rights of neighboring cities in and to the use of said waters and reservoir sites should be protected and confirmed, and that the said city and county should be permitted to develop its proposed water supply with the cooperation and support of the Federal authorities; and be it further

Resolved, That the President of the United States is hereby petitioned to withdraw

all opposition by the Executive Departments to the full enjoyment of such rights and to permit the development of said water supply under the terms of the grant of the Secretary of the Interior dated May 11, 1908; and be it further

Resolved, That the Secretary of the Senate be, and he hereby is, instructed to forward a copy of this resolution to the President of the United States.

Section 1. A department of and for the State of California to be known as the Department of Engineering is hereby created to consist of an advisory board,

composed of the Governor as ex officio member and chairman of said board, and a Superintendent of Department of Engineering, who shall be the chief executive officer of the department, the four superintendents of the four engineering districts provided for in this Act and the Superintendent of Rivers, as provided for elsewhere in this Act.

The said department, its officers and employees shall have and exercise the powers and duties hereinafter set forth and specified, and such as are or may be hereafter provided by law.

SEC. 2. Upon this Act becoming effective the Governor shall appoint a Superintendent of Department of Engineering, who shall be a competent civil engineer and who shall be selected with particular reference to his qualifications for and practical knowledge of highway, location, construction and maintenance. The Superintendent of Department of Engineering shall devote his entire time to the services of the State and shall not actively engage in any other pursuit while serving as such State official. He shall have charge of all the engineering and structural work of the department and may receive by and through the approval of the advisory board such special assistance of a technical character beyond the employees hereinafter specified as they shall allow for the proper conduct of the business of the department.

SEC. 3. The Superintendent of Department of Engineering shall hold office during the pleasure of the Governor.

SEC. 4. Within twenty days after receiving notice of appointment the person appointed as Superintendent of Department of Engineering shall file a bond in the sum of fifty thousand dollars (\$50,000) with at least two sufficient sureties thereon or with a surety company of recognized standing for the faithful performance of his duties, which bond must be approved by the Governor and filed with the Secretary of State, and he shall qualify by taking the oath of office as prescribed for other State officers.

SEC. 5. Upon this Act becoming effective the Superintendent of Department of Engineering shall divide the State into four engineering districts. Over each of these districts he shall appoint a superintendent who shall have supervision over all work done by the Department of Engineering in his district. Each of said superintendents shall receive for his services the sum of three thousand dollars per year and his necessary traveling and office expenses.

SEC. 5a. Upon this Act becoming effective the Superintendent of the Department of Engineering shall appoint a competent engineer to be superintendent of rivers, who shall receive the sum of three thousand six hundred dollars (\$3,600) per annum. The superintendent of rivers shall have control of all river and dredger operations and other river, harbor, drainage, reclamation and irrigation work under control of the Department of Engineering.

SEC. 6. The office of the Department of Engineering shall be in the State Capitol; and the Secretary of State shall assign to the department, for its use, such rooms as may be necessary for its accommodation. All of the regular meetings of the advisory board shall be held at State Capitol. The said board may, however, hold such special meetings at such places as the duties of the department, or the best interests of the State may require.

SEC. 7. The Department of Engineering by and through the Superintendent of the Department of Engineering, shall have the power to appoint such assistant engineers, architects, draughtsmen, pressmen, secretaries, clerks, and such additional technical assistance and help as the advisory board may in their judgment deem necessary, and to fix their salaries and compensation, who shall hold office at the pleasure of the appointive power, and who must be confirmed by the advisory board before proceeding with their duties. Such officers and employees shall not be eligible for appointment unless they possess special qualifications for and are competent to perform the duties devolving upon them, and they shall devote their entire time to the service of the department.

SEC. 8. The advisory board shall meet at such times as the work of the department may require and shall meet at least once in two months. Said board shall advise with the superintendent of department of engineering as necessity requires and may advise with the boards of managers or trustees of the various state institutions requiring engineering or structural work and with any state commission regarding all works wherein such commission may be interested. The advisory board shall approve all plans and specifications for all public work and shall determine the kind, quality and extent of all public work of the State. All boards of managers, trustees and state commissions of state institutions shall apply to the Department of Engineering for plans and specifications for all public works coming under their charge and before accepting any work done under contract shall have a certificate from the Superintendent of Department of Engineering who shall examine and certify to its completion. All public work coming under the full control of the Department of Engineering may upon the discretion of the advisory board be either contracted for or done by day's labor. The advisory board shall have the power, on the approval of plans and specifications by the Superintendent of Department of Engineering to direct whether any building or structure at any state institution shall be let by contract in part or in whole, or whether said building or structure shall be built by day's labor in part or in whole, but after approval of the plans, specifications and estimates by the advisory board of the Department of Engineer-

ing, if, in the opinion of such Department of Engineering, the acceptance of any bid or bids shall not be for the best interests of the State, or if in the opinion of such Department of Engineering the acceptance of any further bids after the rejection of all bids submitted shall not be for the best interests of the State, it may be legal for them to direct that the work or improvement of any state building, road or any other improvement be done upon a day's labor basis. The full control of such day's labor work is placed under the Department of Engineering and said department shall do all things necessary to properly carry out the work. When such work is so placed upon a day's labor basis, any appropriation which is now available, or which is now or may be appropriated to become available, is by this Act taken out of the control of any board of trustees, directors, commissioners, officers or other body to whom it has been appropriated, and placed exclusively under the control of the Department of Engineering, and the claims for said work shall be approved by the Department of Engineering, and audited by the board of examiners, upon whose audit the controller shall draw his warrant and the treasurer shall pay the same. The Department of Engineering shall have the power to receive informal bids upon any subdivision of the day's labor work and the Superintendent of Department of Engineering may upon the approval of the advisory board enter into an agreement for any such subdivisional work of the day's labor work.

SEC. 9. The full control of all public work being done or now completed by the Board of Public Works shall be assumed by the Department of Engineering and all public work done by the State, except as otherwise provided for by law, shall be under the full control of the said department. It shall be the duty of the Department of Engineering whenever required by the advisory board to make examinations of lands subject to inundation and overflow by flood waters and of the waters causing such inundation or overflow and plans and estimates of the cost for works to regulate and control such flood waters. All matters of drainage, and improving and rectifying river channels and other work on any river or slough flowing into San Francisco Bay, San Pablo Bay and Suisun Bay, and also the tide waters flowing into said bays, shall be placed under the management and control of the Department of Engineering whenever the law provides therefor. The Department of Engineering shall have charge of all expenditures unless otherwise provided by law for all public works relating to general river and harbor improvements, including reclamation and drainage of lands. It may purchase, construct and operate one or more dredges or any other needed appliances to promote or properly carry out the work of the department. The Superintendent of Department of Engineering, in the name of the State of California, may obtain or condemn any right of way necessary for any construction herein named, and shall proceed if necessary to condemn under the terms of the Code of Civil Procedure relating to such proceedings. The department shall have the power to employ such additional help for the performance of the work of this section as the advisory board shall order, and all money now appropriated to the Board of Public Works and remaining unexpended shall be used for the purposes intended by the law by the Department of Engineering, and the State Controller shall transfer such funds to the credit of the Department of Engineering. Wherever under any statutes of this State any duty or obligation the performance of which is imposed upon the Commissioner of Public Works or the auditing board to the Commissioner of Public Works, the same shall be assumed and the performance of the same shall devolve upon the Department of Engineering.

SEC. 10. The Department of Engineering shall take full possession and control of all roads which have been declared state highways enumerated as follows: The Lake Tahoe wagon road, the Sonora and Mono road, the Mono Lake Basin road and all other state highways which may hereafter be constructed and all public work being done or now completed by the Department of Highways. All expenditures by the State for highway purposes except as otherwise hereafter provided by law shall be under the full charge of the Department of Engineering, and all moneys appropriated for such purpose shall be made payable upon the proper order of said department and shall be audited by the State Board of Examiners. The Department of Engineering, through its Superintendent of Department of Engineering, shall have the power to obtain or condemn necessary rights of way for the change of any existing state highway or for any road placed under the department's charge by law unless otherwise provided. It shall have power to alter or change the route of a road and shall do all things necessary, and obtain all tools and implements required to properly care for and manage the roads under the charge of the department. The department may, in its discretion, appoint superintendents of the state highways who shall hold office at the pleasure of the appointive power. All unexpended balances of money now existing by law for improvements or maintenance of whatever kind under the Department of Highways, and the Lake Tahoe Wagon Road Commissioner shall be placed under the control of the Department of Engineering, and the State Controller shall transfer said funds to the credit of the Department of Engineering. Wherever under any statutes of this State any duty or obligation the performance of which is imposed upon the Department of Highways, the same shall be assumed and the performance of the same shall devolve upon the Department of Engineering.

SEC. 11. The Department of Engineering shall make examination into existing highway conditions in the State of California, and shall, furthermore, make such investigations within the State as will put at the service of the State the most approved methods of highway improvement. It shall supply, on request, without charge, any information relative to highways required by any county or district official having care of and authority over highways within this State. It shall collect and collate data relating to the geological formation of the State in so far as it relates to material suitable for highway construction, and make analyses and tests of such material as it may deem suitable for highway uses, with the view of determining the value of the same for such purposes. All data so collected, together with such other matters of value or interest to the people of the State, shall be published in bulletins, or upon maps or diagrams, or in other proper form, or in the biennial report of the department, as it, in its discretion, shall determine. The department shall prepare and adopt styles and forms of books for use by officials, in which to keep account of the expenditure of highway money and all other records or proceedings relating to highways. It shall prepare such forms as may be necessary for use in connection with opening, abandoning, altering, locating, constructing, maintaining, obtaining title to, or otherwise relating to proposed state highways; and such books and forms, when so adopted, shall be the standard for use in the State. Copies of them shall be forwarded to the various officials who are charged with keeping or using the same, and such officials shall immediately prepare books and forms after the style shown by such standard, and shall thereafter use them exclusively for the purposes for which they are intended. It shall be the duty of the department to adopt such general forms for the surveying of state highways, mapping, and keeping of the notes thereof, and the permanent marking of the same on the ground, as it shall deem necessary, and shall issue instructions defining such general forms and markings to the person having charge of the making of such surveys; and it shall thereafter be the duty of such persons to follow the methods prescribed in such instructions. The Department of Engineering, in performance of its duties, shall have the power to call upon any state, county, or district official to furnish it with any information contained in his office which relates to or is in any way necessary to the proper performance of the work of said department; and it is hereby made the duty of such officials to furnish such information without cost.

SEC. 12. The Department of Engineering shall determine what roads shall be connecting county roads or highways which shall connect the different road systems of two or more counties with the state highway system. Such roads may be constructed entirely by the State, or any county or counties may construct such roads under the supervision of the Department of Engineering and be compensated in the amount of two thirds of the cost of such construction less the cost of survey and the acquiring of rights of way. The Department of Engineering may contract with any county or counties for the construction of such connecting highways or roads, to be paid for as follows, to wit: Two thirds of the cost thereof by the State and one third by the county, the cost of survey and rights of way to be paid by the county. Nothing herein shall exempt any county from the payment of its share of the interest as provided in Section 8 of the Act known as the "State Highways Act." approved March 22, 1900.

SEC. 13. Counties which have public highways lying within the right of way of the state highways as determined by the State Department of Engineers and adopted by the Department of Engineering and which have been permanently improved under permanent road division bond issues within three years prior to the adoption of the Act known as "The State Highways Act" approved March 22, 1900, may receive two thirds of the estimated present cost of constructing said public highways so lying within the said right of way; and the Department of Engineers shall estimate such cost and certify the same to the boards of supervisors of such county, who may thereupon present a claim in the name of such county against the state highway fund.

SEC. 14. In the providing of funds for counties to carry out the provisions of this act, counties may proceed as in the manner provided by law for the raising of funds for other county purposes. The rules adopted by the department of engineering may require that before such road is located into or through such county, or into or through adjoining counties, such surveys have been made, rights of way acquired, and provision made for the raising of at least one third of the cost of road in such county as apportioned to the county.

SEC. 15. The interest on the cost of highways built or now building for which appropriations have been made from the General Fund of the state treasury shall not be charged to counties through which they pass except as to such amounts as are used in the construction as are derived from the sale of state bonds as provided for in the Acts known as the State Highways Act, March 22, 1900, and adopted by the people November 8, 1910.

SEC. 16. Counties may, along the routes laid out or accepted by the department of engineering within their borders, construct or complete highways under contract with the department of engineering, and be reimbursed in such amount as the department of engineering may deem equitable, but not to exceed two thirds of the cost of such highway.

SEC. 17. District superintendents and the superintendent of rivers shall, before entering upon the discharge of their duties, execute an official bond for the sum of ten thousand dollars, and shall hold office at the pleasure of the appointing power.

SEC. 18. The department of engineering shall, before each biennial session, prepare a report to the legislature showing in detail all of its operations and expenditures, with estimates of proposed work, and estimates of the amounts needed for maintenance of state highways for the ensuing two years, such estimates to be in such detail as to enable the members of the Legislature to know the probable needs of the different roads throughout the State.

SEC. 19. There is hereby established a fund, to be known as the State Highways Maintenance Fund, which shall be used solely for the maintenance and repair of such state highways as are under the entire control of the State Department of Engineering and have been by them declared to be accepted as completed highways. In this fund shall be placed all moneys appropriated by the State for the maintenance of completed state highways, and shall be drawn upon at the order of the Superintendent of Department of Engineering.

SEC. 20. All architectural work of the department shall be under the charge of the State Architect, and it shall be the duty of said architect to make plans and specifications and estimates for all state building work. He shall, in company with the superintendent of department of engineering, visit and inspect all completed work and shall certify to the Superintendent of Department of Engineering its proper or improper completion. The State Architect shall have general charge under the Superintendent of Department of Engineering of the erection of all buildings and must have an inspector at each building during the whole time of its construction.

SEC. 21. All cooperative engineering work now existing or to be engaged in by the State with the United States Government shall be placed under the Department of Engineering. All plans, estimates and specifications shall be approved by the Superintendent of Department of Engineering and the advisory board shall have full power to determine the kind, quality and extent of such work under cooperation with said Government before entering into agreement with said Government for such work, except such as are under the control of the harbor commissioners. All unexpended moneys provided for by law on the aforesaid cooperative basis shall be expressly placed under the full control of the Department of Engineering, and the State Controller shall transfer such funds to the credit of the said department. Hereafter plans, estimates and specifications for such work shall be filed in the office of the said department.

SEC. 22. It shall be the duty of the Superintendent of Department of Engineering to consult and advise with the members of the corps of engineers of the United States army comprising the California Débris Commission (created by Act of Congress approved March first, eighteen hundred and ninety-three), in relation to the construction of works for the restraining and impounding of debris resulting from mining operations, natural erosion, or other causes; and it shall be his duty to examine such works and to report the result of such examination to the advisory board. Said Superintendent of Department of Engineering is further authorized and directed to consult and advise with said "California Débris Commission" in relation to any and all plans and specifications that may have been or may hereafter be prepared or adopted by said "California Débris Commission," for the construction of such restraining or impounding works, and said Superintendent of Department of Engineering shall file a copy of all such plans and specifications in the office of the department. Whenever the advisory board approves said plans and specifications the Superintendent of Department of Engineering shall notify the "California Débris Commission." Whenever said "California Débris Commission" or the Government of the United States shall have entered into any contract for the construction of works for the purposes described in this Act, in pursuance of plans and specifications that have been theretofore approved by the advisory board as in this Act provided, it shall then be the duty of the Superintendent of Department of Engineering to cause such work to be carefully inspected during the progress of their construction and to keep a record of the result of such inspection. Said Superintendent of Department of Engineering shall also from time to time, during the progress of the construction of such works, when requested so to do by the said "California Débris Commission," present his claims to the State Board of Examiners in favor of such person or persons as may be designated by said "California Débris Commission" for such amounts as shall equal one half of the cost of the construction of said works; and said Superintendent of Department of Engineering shall in like manner, and when requested so to do by said "California Débris Commission," present his claims to the State Board of Examiners for an amount equal one half the purchase price of any site or sites necessary for the construction of said works; *provided*, that the purchase of said site or sites shall have been first approved by the advisory board. All unexpended balances of money provided by law for the work under the Débris Commissioner shall be placed to the credit of the Department of Engineering by the State Controller. Whenever under any statutes of the State any duty or obligation the performance of which is imposed upon the Débris Commissioner, the same shall be assumed and the performance of the same shall devolve upon the Department of Engineering.

SEC. 23. When in his judgment it is deemed necessary, the Superintendent of Department of Engineering, subject to the approval of the advisory board, shall

employ such assistance on the public work of the State or on public work at any state institution as may be necessary for the proper discharge of his duties, and shall under like restrictions, have the authority to purchase any supplies, instruments, tools and conveniences as may be necessary for the proper discharge of the duties of the Department of Engineering. All employees of the Department of Engineering, when employed upon public work at or for any state institution in this State shall be paid, unless otherwise provided, from the revolving fund hereinafter created, and the amount of such payment shall be a charge against the institution for which such work is performed, and when collected from said institution by the Department of Engineering, shall be paid into said revolving fund. In all other cases such employees shall be paid by the Department of Engineering. All inspectors employed by the Superintendent of Department of Engineering on any public work shall render to the Superintendent of Department of Engineering a full, true and correct report of the kind, manner and progress of all work upon which he is such inspector. Any inspector who shall render a false report knowing the same to be false shall be guilty of a felony. It shall be the duty of the Superintendent of Department of Engineering to keep a full, true and correct detailed account of the cost of all work done under the control of the Department of Engineering, and with the consent of the advisory board, may employ a clerk for the proper compiling thereof. Such accounts shall be always open to the inspection of the public.

SEC. 24. The Superintendent of Department of Engineering shall prepare biennial reports which shall be submitted to the Governor at least thirty days before each session of the Legislature. Said report shall embrace the work and investigations of the department under his charge for the previous two years, together with such recommendations for changes in the laws affecting the department as he may deem advisable, and shall suggest and recommend changes relating to the road systems or administration within the State. Said bonds must be approved by the Governor of the State of California and filed in the office of the Secretary of State. Each and every one of the above-mentioned officers shall take the oath of office as prescribed for other state officers. The members of the Advisory Board, the Superintendent of Department of Engineering and the officers and employees of the Department of Engineering shall be allowed their necessary traveling expenses while engaged in the discharge of their duties within the State.

MESSAGE FROM THE GOVERNOR

The following message was read:

EXECUTIVE OFFICE.
SACRAMENTO, CAL., March 2, 1911

To the Assembly of the State of California:

I return to you herein Assembly Bill No. 741, without my approval.

The purpose of the bill is to establish and validate Reclamation District No. 799 of the county of Contra Costa. It presents features vastly different from those presented by validating bills of like character that have come to me. Certain land-owners in the county of Contra Costa, by proceedings in accordance with the Political Code, sought to form Reclamation District No. 799 in that county. Included within the boundaries of the district was a portion of the land of one Portman. After the formation of the district by the approval of the board of supervisors of the county of Contra Costa, Portman applied to the Attorney General for the use of the name of the people of the State in an action of *quo warranto* to determine the validity of the district, and the Attorney General authorized an action of that character. Portman asserts that he has been engaged in the reclamation of his land included within that district; that he has purchased a dredger or ditcher for the purpose of constructing levees; has actually proceeded with that construction, and has mortgaged his land for the sum of \$14,000 to carry on the work. He asserts, in addition, that he has a reclamation district of his own, and that this district exists either as a *de jure* or *de facto* district. He prosecuted the action authorized by the Attorney General in the Superior Court of the county of Contra Costa, inquiring into the validity of District No. 799, and that action has been tried. The case is now either under submission or awaiting filing of briefs in that Superior Court. The effect of the present Act will be to have the Legislature, by a short cut, in a suit now pending for decision before the Superior Court of Contra Costa County, render a decision in that action.

Under the peculiar circumstances of this particular case, I do not feel that this should be done. For these reasons I have vetoed the bill.

Respectfully submitted.

HIRAM W. JOHNSON
Governor of California.

The question being put, "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the veto sustained by the following vote:

AYES—None.

NOES—Messrs. Beckett, Benedict, Bennink, Bishop, Bliss, Bohnett, Brown, Butler, Callaghan, Cattell, Clark, Cogswell, Cronin, Crosby, Cunningham, Denegri, Farwell, Feeley, Fitzgerald, Flint, Freeman, Griffin of Modesto, Griffiths, Hamilton, Harlan, Hayes, Held, Hinkle, Hinshaw, Jasper, Jones, Judson, Kehoe, Kennedy, Lamb, Lyon of Los Angeles, Maher, March, McDonald, McGowan, Mott, Mullally, Nolan, Polsley, Preisker, Randall, Rodgers of San Francisco, Rogers of Alameda, Rosendale, Ryan, Schmitt, Smith, Stevenot, Stuckenberg, Sutherland, Telfer, Tibbits, Walsh, Williams, Willie, and Mr. Speaker—61.

Section 15. The board shall have the power, and it shall be their duty, to manage and conduct the business and affairs of the district; make and execute all necessary contracts; employ and appoint such agents, officers, and employees as may be required, and prescribe their duties. The board and its agents and employees shall have the right to enter upon any land to make surveys, and may locate the necessary

Said board shall also have the right to acquire, by purchase, lease, contract, condemnation, or other legal means, all lands, and waters, and water rights, and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal, or canals, and works, including canals and works constructed and being constructed by private owners, lands for reservoirs for the storage of needful waters, and all necessary appurtenances. But no purchase or lease of any waters, or water rights, or canals or reservoirs, or reservoir sites, or irrigation works, or other property of any nature or kind, for any price, aggregate rental or consideration, in excess of ten thousand dollars, shall be final or binding on the district, nor shall the purchase price, rental or consideration, or any part thereof, be paid or rendered until a petition of a majority of the holders of title, or evidence of title, to lands within the district, such holders of title, or evidence of title, representing a majority in value of said land, according to the last equalized assessment roll of the district, if such has theretofore been made, and if such has not been made, then according to the equalized county assessment roll covering lands of such district, shall have been filed with the board and an order of the board made thereon confirming such purchase. Said board may also construct the necessary dams, reservoirs, and works for the collection of water for said district, and do any and every lawful act necessary to be done, that sufficient water may be furnished to each land owner in said district for irrigation purposes. The said board is hereby authorized and empowered to take conveyances, leases, contracts or other assurances for all property acquired by it under the provisions of this Act, in the name of such irrigation district, to and for the uses and purposes herein expressed, and to institute and maintain any and all actions and proceedings, suits at law or in equity necessary or proper in order to fully carry out the provisions of this Act, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this Act, or acquired in pursuance thereof. And in all courts, actions, suits or proceedings, the said board may sue, appear and defend in person or by attorneys, and in the name of such irrigation district. It shall be the duty of said board to establish equitable by-laws, rules and regulations for the distribution and use of water among the owners of said lands, which must be printed in convenient form for distribution in the district. Said board shall have power generally to perform all such acts as shall be necessary to fully carry out the purposes of this Act.

SEC. 2. Section thirty of said Act is hereby amended to read as follows:

Section 30 For the purpose of constructing necessary irrigating canals and works, and acquiring the necessary property and rights therefor, and for the purpose of acquiring waters, water rights and other property necessary for the purposes of said district, and otherwise carrying out the provisions of this Act, the board of directors of any such district, must, as soon after such district has been organized as may be practicable, and also whenever thereafter the construction fund has been exhausted by expenditures herein authorized therefrom and it is necessary to raise additional money for said purposes, estimate and determine the amount of money necessary to be raised. And thereafter said board when petitioned by a majority of the holders of title, or evidence of title, to lands within the district, such holders of title, or evidence of title, representing a majority in value of said lands according to the equalized assessment roll of the district if such has theretofore been made, and if such has not been made, then according to the equalized county assessment roll covering the lands of such district, shall immediately call a special election, at which shall be submitted to the electors of such district, possessing the qualifications prescribed by this Act, the question whether or not the bonds of said district in the amount as set forth in said petition shall be issued. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept, once a week for at least three successive weeks. Such notices must specify the time of holding the election, the amount of bonds proposed to be issued; and said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this Act governing the election of officers, *provided*, that no informalities in conducting such an election shall invalidate the same if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds—Yes", or "Bonds—No", or words equivalent thereto. If a majority of the votes cast are "Bonds—Yes" the board of directors shall cause bonds in said amount to be issued, if a majority of the votes cast at any bond election are "Bonds—No", the result of such election shall be so declared and entered of record. Whenever thereafter a petition of the character hereinbefore provided for in this section is presented to the board it shall so declare of record in its minutes, and shall thereupon submit such questions to said electors in the same manner and with like effect as at such previous election.

SEC. 3. Section thirty-two of said Act is hereby amended to read as follows:

Section 32 The board may sell said bonds from time to time in such quantities

as may be necessary and most advantageous, to raise money for the construction of said canals and works, the acquisition of said property and rights, or the acquisition of any water or water rights, and otherwise to fully carry out the objects and purposes of this Act. Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds, and the day and hour and place of such sale, and shall cause such resolution to be entered in the minutes, and notice of the sale to be given, by publication thereof at least three weeks, in some newspaper published in the county where the office of the board of directors is located, and in any other newspaper, at its discretion. The notice shall state that sealed proposals will be received by the board at their office, for the purchase of bonds, till the day and hour named in the resolution. At the time appointed the board shall open the proposals, and award the purchase of the bonds to the highest responsible bidder; *provided, however*, that they may reject all bids. Said board shall in no event sell any of the said bonds for less than the par value thereof.

Sec. 4. Section thirty-four of said Act is hereby amended to read as follows:

Section 34. In case the money raised by the sale of bonds issued be insufficient or in case the bonds be unavailable for the completion of the plan of canal and works adopted, and the acquisition of the necessary property, waters and water rights therefor, and additional bonds be not voted, it shall be the duty of the board of directors to provide for the completion of said plan, and the acquisition of such necessary property, waters and water rights, by levy of assessment therefor; *provided, however*, that such levy of assessments shall not be made except first an estimate of the amount required for such purposes has been made by said board, and the question as to the making of said levy submitted to a vote of the electors of the district. Before such question is submitted the order of submission shall be entered in the minutes of the board, stating the amount to be levied and the purpose therefor, and if submitted at a special election said order shall, in addition, fix the day of election. Notice of such election must be given by posting notices in three public places in each election precinct in said district for at least twenty days, and also by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept once a week for at least three successive weeks. Such notices must specify the time of holding the election, and the amount of assessment proposed to be levied. Said election must be held and the result thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of this Act governing the election of officers, *provided*, that no informalities in conducting such an election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Assessment—Yes", or "Assessment—No," or words equivalent thereto. If a majority of the votes cast are "Assessment—Yes," the board of directors shall cause an assessment in the amount named in the order of submission to be levied; if a majority of the votes cast are "Assessment—No," the result of such election shall be so declared and entered of record."

WHEREAS, The Senate of the United States has been justly regarded as one of the highest tribunals of the world; and

Now, therefore, be it

Resolved, That in seating William Lorimer as a member of the United States Senate this nation has been humiliated, that the esteem with which the United States Senate is held has thereby been lowered, that it is with regret that we see the names of our United States Senators among the forty-six who voted to seat this man, and we feel that such flagrant corruption should not go unrebuked.

"Repeal Subdivision 46 of Section 1, of Chapter 2, of Article II of said charter."

"Amend Section 6 of Chapter 2, of Article II of said charter, so the same will read as follows:

Section 6. Every grant of a franchise right or privilege, shall be subject to the right of the majority of the electors of said city, voting at any election, at any time thereafter to repeal, change or modify the said grant, and every ordinance making such grant shall contain a reservation of such right to repeal, amend or modify said ordinance."

"Amend Section 9, of Chapter 2, of Article II of said charter, so that the same will read as follows:

Section 9. Every franchise or privilege to construct or operate street or inter-urban railroads upon any public street, highway or public property, hereafter proposed to be granted by said common council, shall be granted for a period of not greater than fifty (50) years, upon the terms and conditions as follows, and not otherwise:

An applicant for any franchise or privilege above mentioned shall file an application therefor with said common council, and thereupon said common council shall in its discretion advertise the fact of said application, together with a statement that it is proposed to grant the same, as applied for or as changed by said common council, in the official newspaper of said city. Said advertisement must state that bids will be received for such franchise and that it will be awarded to the highest bidder, and the same must be published in such newspaper once a day for ten successive days. The full publication must be completed not less than twenty days nor more than thirty days before any further action can be taken thereon.

The publication must state the character of the franchise or privilege proposed to be granted, the term for which it is granted, and the route to be traversed; that sealed bids therefor will be received up to a certain hour and day named therein, and that the successful bidder and his assigns must, during the life of said franchises, pay to the said city two per cent (2%) of the gross annual receipts of the person, partnership or corporation to whom the franchise is awarded, arising from its use, operation or possession. No percentage shall be paid for the first five (5) years succeeding the date of the franchise, but thereafter such percentage shall be payable annually, and in the event said payment is not made, said franchise shall be forfeited, *provided, further*, that if the franchise be a renewal of a right already in existence the payment of said percentage of gross receipts shall begin at once.

In case the franchise granted shall be an extension of an existing system of street railroad, then the gross receipts shall be estimated to be one half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Said advertisement shall also contain a statement that the said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; *provided only*, that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege, a sum not less than ten per cent above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold, and awarded by said common council to the highest bidder therefor in gold coin of the United States. Each sealed bid shall be accompanied with cash or a certified check, payable to the treasurer of said city, for the full amount of said bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith and the successful bidder shall deposit, at least, ten per cent of the amount of his bid with the clerk of said city before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid therefor, as herein provided. Said successful bidder shall deposit with the clerk of said city, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it shall fail to do so, then the said deposit theretofore made, shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there, by said common council, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as heretofore provided, and in case said bidder shall fail to deposit with the clerk of said city the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale in the manner heretofore provided.

Work to construct railroads along or upon any public street or highway, a fran-

chise for which shall have been granted in accordance with the terms of this section, shall be commenced in good faith within not more than four months from the granting of any such franchise, and if not so commenced within said time said franchise so granted shall be declared forfeited, and shall be completed within not more than three years thereafter, and if not so completed within said time said franchise so granted shall be forfeited; *provided*, that for good cause shown the common council may by resolution extend the time for completion thereof, not exceeding three months.

The owner of the franchise or privilege shall plank, pave or macadamize the entire length of the street, used by his or its track, between the rails, and for two feet on each side thereof, and between the tracks, if there be more than one, whenever ordered to do so by said common council, and shall keep the same constantly in repair, flush with the street, and with good crossings.

The said common council shall have power to regulate the rate of speed, and pass ordinances to protect the public from danger or inconvenience in the operation of such roads, and the rates of fare and charges for transporting passengers and goods thereon shall be subject to the regulation by said common council.

Two or more lines of street railway, operated under different managements, may by lease or contract, use the same street or tracks upon such terms as may have been agreed upon between the companies operating such railways; and two lines of street railway operated under different managements may be permitted to use the same street or tracks for a distance of five blocks without such lease or contract, upon payment of an equal portion for the construction of the tracks and appurtenances used by said railways jointly, but in no case shall a company owning or operating one line of street railway be permitted to condemn the right to occupy and use the same street or tracks for a distance of more than five blocks consecutively.

The successful bidder for any franchise or privilege struck off, sold, and awarded under this section shall file a bond running to said city, with, at least, two good and sufficient sureties; to be approved by said common council, in a penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe, fulfil and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said common council within five days after such franchise is awarded, and upon the filing and approval of such bond, the said franchise shall, by said common council, be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold, or awarded, and in case that said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited, and said franchise shall, in the discretion of said common council, be readvertised, and again offered for sale in the same manner, and under the same restrictions, as hereinbefore provided.

No clause or condition of any kind shall be inserted in any franchise or grant offered or sold under the terms of this section, which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale, which shall in any wise favor one person, firm or corporation, as against another, in bidding for the purpose thereof."

"Amend Article VII of the charter, by adding a new section thereto, to be known as Section 4, which shall read as follows:

Section 4. The members of the board of education shall each receive as compensation the sum of six hundred dollars (\$600.00) per annum, in monthly installments."

AND, WHEREAS, The said proposed amendments, and each one of them, so ratified, have been duly presented and submitted to the Legislature of the State of California, for approval or rejection, in accordance with section eight of article eleven, of the Constitution of the State of California; now therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, (a majority of all the members elected to each house voting for and concurring therein), That said amendments to the said charter of the said city of San Diego as proposed and submitted to, and adopted and ratified by the qualified electors of the said city of San Diego, be and the same are, and each one of them is, hereby approved as a whole without amendment or alteration for and as amendments to and as part of the charter of the said city of San Diego.

EXPLANATION OF VOTE.

The following explanation of vote was received, and ordered printed in the Journal:

By Mr. Rogers of Alameda:

MR. SPEAKER: I hereby request that the following explanation for my vote on resolution by Mr. Chandler, relating to action of United States Senate on vote seating Mr. Lorimer, of Illinois, be printed in the Journal of this day.

That no evidence except newspaper reports of the investigation of Senator Lorimer was before the House, that the House was not in possession of the facts

upon which the United States Senate acted when said vote was taken by them; that no man should be first condemned and tried afterward; that even the lowest criminal has the right to be heard before the tribunal which tries him; that while I, morally, believe that Senator Lorimer committed the crime of bribery to secure his seat in the United States Senate, legally sitting as a judge, or as a juror to hear the evidence, and to pass judgment thereon, I have nothing before me which permits me to draw the conclusion that Senator Lorimer is guilty of said crime, or that the United States Senate acted improperly in seating Senator Lorimer.

REPORT OF SELECT COMMITTEE.

The following report of select committee was received and read:

ASSEMBLY CHAMBER, SACRAMENTO, March 6, 1911

MR. SPEAKER: Your special committee appointed by the Speaker pursuant to resolution for the purpose of investigating the books and accounts of the Board of Fish and Game Commissioners, and the manner in which, and the purpose for which the moneys received by said commission have been expended, and the charges of extortion by employees of said commission, and the acts and conducts of said employees, beg leave to submit the following partial report:

Your committee, on the 21st day of February, 1911, met in room 120 of this building, with Chairman F. J. Walker in the chair, for the purpose of organization. At such meeting necessary stenographers, clerk and sergeant-at-arms were employed. On the evening of said day said committee, with its attachés, proceeded to the city of San Francisco, and on the following morning met on the second floor of the Merchants' Exchange building in said city at ten o'clock A. M. and at once took complete control and charge of all the books and papers connected with or belonging to the said Fish and Game Commission, and placed the same under seal, and thereafter issued subpoenas for witnesses and sent telegrams to the district attorneys and sheriffs of the various counties throughout the State, requesting such information as they may have in their possession relative to the matter under investigation.

Said committee deemed it necessary to employ the services of an expert accountant for the purpose of experting the books of said commission, and therefore the services of Prentiss Maslin of Sacramento were secured and he immediately came to San Francisco and took charge of said books and accounts and began necessary work of experting the same, which said work has not been yet completed.

Pending such time as the expert was engaged in the work of experting the books as aforesaid, your committee proceeded to the business of examining witnesses with reference to the acts and conduct of the employees of the Fish and Game Commission and the charges that the deputies of said commission had demanded and extorted money from various Chinese engaged in the business of shrimp fishing under the promise by said deputies to said Chinese of immunity from arrest for illegal acts, and the following named witnesses were sworn and examined and their testimony taken as to said matters:

Chu Che, Lu Can, Yung Ben, Chung Taa Ting, Ong Tong, Ah Chung, Li Ki Tung, Lee Hay, Lee Kai Chung, Lee Fong, Yuen Hon Yoke, Ow Yueng (Vice-Consul), Gint Jee, Harry Johnson, and Philip Nicklas.

The following named witnesses were sworn and examined and their testimony taken in rebuttal:

E. M. McMillan, C. B. Woods, L. A. Gross, J. H. Davis, F. E. Booth, E. G. Pedlar, and N. B. Schofield.

From the testimony of the foregoing witnesses, your committee finds that covering a period of several years certain deputies in the employ of the said Fish and Game Commission have been engaged in a systematic course of extortion of money from the said Chinese shrimp fishermen under promise by said deputies of immunity from arrest and prosecution for the commission of acts in violation of the fish and game laws, and that said Chinese engaged in the business of shrimp fishing, have paid large sums of money to such deputies by reason thereof.

By reason of the evidence adduced at the hearing by said committee as aforesaid, and as a result of the disclosures made by the testimony of said witnesses, your committee has been informed by said commission that they have discharged from the employ of said commission the following named deputies, to wit C. B. Woods and E. M. McMillan.

Said commission assigned as a reason for discharging said deputies the facts set forth in the letters given in full and attached hereto

March 1, 1911.

E. M. McMillan, Esq., San Francisco, Cal.:

SIR: You are hereby removed as a deputy fish and game commissioner of the State Board of Fish and Game Commissioners of California for conduct unbecoming such officer. The conduct referred to was testified to by you under oath before the investigation committee of the Legislature now conducting its hearings at San Francisco, and consists, according to your statements, of drinking in saloons with Chinese, representing other Chinese accused and then on trial for infractions of the fish and game laws, and also in playing the Chinese lottery game, which in itself is a violation of the law of this State.

You will forthwith surrender your commission and badge as such deputy to this office. By order of the board.

Very truly yours,

FISH AND GAME COMMISSION.

JNO P BABCOCK, Chief Deputy

March 1, 1911.

C. B. Woods, Esq., San Francisco, Cal.:

SIR: You are hereby removed as a deputy fish and game commissioner of the State Board of Fish and Game Commissioners of California, for conduct unbecoming such officer. The conduct referred to was testified to by you under oath before the investigation committee of the Legislature now conducting its hearings at San Francisco, and consists, according to your statements, of drinking in saloons with Chinese, representing other Chinese accused and then on trial for infractions of the fish and game laws.

You will forthwith surrender your commission and badge as such deputy to this office. By order of the board.

Very truly yours,

FISH AND GAME COMMISSION.

JNO P BABCOCK, Chief Deputy

SAN FRANCISCO, CAL. March 1, 1911.

Hon. Frank J. Walker, Assembly Committee, San Francisco, Cal.:

DEAR SIR: For your information we inclose you herewith a copy of a letter this day addressed to Deputies McMillan and Wood. We have the honor to be,

Yours respectfully,

FISH AND GAME COMMISSION.

JNO P BABCOCK, Chief Deputy

Owing to the fact that the expert employed by the committee to expert the books and accounts of said commission had not completed his work and could not report to your committee the result of his labors, your committee, by reason thereof, has been unable to proceed with the investigation of said books and accounts, and the expenditures of money by said commission or the effect and result of the work of said commission, and the committee therefore, on the 1st day of March, 1911, adjourned until such time as said report by such expert has been completed, which we are informed will be about the 9th of March, and therefore, your committee has made no investigation as to the knowledge of said commission or its chief deputy concerning the said acts of the deputies of said commission in extorting money from the Chinese as aforesaid, and have deferred such investigation until the hearings of said committee are resumed, when all matters touching the acts and conduct of the said commission and the said chief deputy will be fully inquired into.

Your committee further reports that in submitting through its chairman the resolution with reference to the account of the expenses of said committee during its investigation, does not include in said account the expense of the employment of the expert, inasmuch as his labors have not yet been completed.

From the investigation thus far made by your committee they are of the opinion and belief that a thorough and full inquiry and investigation should be made as to matters which will be embodied in the report of the expert and which will be shown as a result of his work in experting the books and accounts of said commission, and that a further investigation is necessary which will involve additional expense, and your committee therefore recommends that some provision be made whereby the

sum of twelve hundred dollars (\$1200) be appropriated for the use of this committee, or so much thereof as may be necessary to complete the investigation

Respectfully submitted

(Signed)

F. J. WALKER, Chairman.
JOHN C. MARCH.
GEORGE H. HARLAN.
FRED H. HALL.
J. W. STUCKENBRUCK.

Report read and referred to Committee on Contingent Expenses and Accounts.

During the consideration of the Assembly joint resolution, Mr Polsley moved to amend the Assembly joint resolution as follows:

Strike out all after the word "relative" in the title, and insert in lieu thereof the following: "to foreign immigration."

WHEREAS, The presence in this country of large numbers of natives of Asia, including Japanese and Hindoos, is a great menace to the peace and happiness of our laboring classes, and is likely to cause great uneasiness and race prejudice among our people, and

WHEREAS, It is evident that the increase in the number of Japanese, Hindoos, and other natives of Asia on the Pacific coast and their taking the place of white men, women and children will tend to pauperize many of our own race, and

WHEREAS, The people of this nation are anxiously looking forward to the work of this Congress with the confidence that many measures bearing upon the welfare of our common country will be enacted, and

WHEREAS, The people of the Pacific coast believe that there is no subject in which a majority of the people are more vitally interested than the restriction of immigration of unassimilable races, and especially in view of the fact that the sources of many of the great plagues and diseases are to be found in the Orient; and

WHEREAS, It is believed that the number of such peoples in this country is rapidly increasing in spite of certain reported official statements to the contrary, now, therefore, be it

Resolved by the Assembly and Senate, jointly. That the first consideration should be given to those of our own race who have, by their blood and labor, built up this country to its proud position, and that there should be some policy of conservation of the resources of the country for our own children, rather than for those of an unassimilable race, and be it further

Resolved. That our Senators and Representatives in Congress be urged to use their utmost endeavor to have placed in all treaties more restrictive features to the end that as soon as possible all immigration of unassimilable races may be entirely prohibited, and our inheritance reserved to our own children, and be it further

Resolved. That this resolution be transmitted to the President of the Senate and the Speaker of the House of Representatives and to each of our Senators and Representatives in Congress

Senate constitutional amendment ordered transmitted to the Senate.

SENATE CONSTITUTIONAL AMENDMENT No. 23.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State by adding a new article thereto to be numbered Article XXIII, providing for the recall by the electors, of public officials.

The Legislature of the State of California, at its regular session commencing on the second day of January, 1911, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes that a new article be added to the Constitution of the State of California to be numbered Article XXIII thereof, to read as follows.

ARTICLE XXIII.

SECTION 1. Every elective public officer of the State of California may be removed from office at any time by the electors entitled to vote for a successor of such incumbent, through the procedure and in the manner herein provided for, which procedure shall be known as the recall, and is in addition to any other method or removal provided by law.

The procedure hereunder to effect the removal of an incumbent of an elective public office shall be as follows : A petition signed by electors entitled to vote for a

successor of the incumbent sought to be removed, equal in number to at least twelve per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies (provided that if the officer sought to be removed is a state officer who is elected in any political subdivision of the State, said petition shall be signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies, demanding an election of a successor to the officer named in said petition, shall be addressed to the Secretary of State and filed with the clerk, or registrar of voters, of the county or city and county in which the petition was circulated; *provided*, that if the officer sought to be removed was elected in the state at large such petition shall be circulated in not less than five counties of the State, and shall be signed in each of such counties by electors equal in number to not less than one per cent of the entire vote cast, in each of said counties, at said election, as above estimated. Such petition shall contain a general statement of the grounds on which the removal is sought, which statement is intended solely for the information of the electors, and the sufficiency of which shall not be open to review.

When such petition is certified as is herein provided to the Secretary of State, he shall forthwith submit the said petition, together with a certificate of its sufficiency, to the Governor, who shall thereupon order and fix a date for holding the election, not less than sixty days nor more than eighty days from the date of such certificate of the Secretary of State.

The Governor shall make or cause to be made publications of notice for the holding of such election, and officers charged by law with duties concerning elections shall make all arrangements for such election and the same shall be conducted, returned, and the result thereof declared, in all respects as are other state elections. On the official ballot at such election shall be printed, in not more than two hundred words, the reasons set forth in the petition for demanding his recall. And in not more than three hundred words there shall also be printed, if desired by him, the officer's justification of his course in office. Proceedings for the recall of any officer shall be deemed to be pending from the date of the filing with any county, or city and county clerk, or registrar of voters, of any recall petition against such officer; and if such officer shall resign at any time subsequent to the filing thereof, the recall election shall be held notwithstanding such resignation, and the vacancy caused by such resignation, or from any other cause, shall be filled as provided by law, but the person appointed to fill such vacancy shall hold his office only until the person elected at the said recall election shall qualify.

Any person may be nominated for the office which is to be filled at any recall election by a petition signed by electors, qualified to vote at such recall election, equal in number to at least one per cent of the total number of votes cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies. Each such nominating petition shall be filed with the Secretary of State not less than twenty-five days before such recall election.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No", said incumbent shall continue in said office. If a majority shall vote "Yes", said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected, for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

Any recall petition may be presented in sections, but each section shall contain a full and accurate copy of the title and text of the petition. Each signer shall add to his signature his place of residence, giving the street and number, if such exist. His election precinct shall also appear on the paper after his name. The number of signatures appended to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified elector of the State shall be competent to solicit such signatures within the county, or city and county, of which

he is an elector. Each section of the petition shall bear the name of the county, or city and county in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same stating his qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be and no other affidavit thereto shall be required. The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer an oath. Such petition so verified shall be *prima facie* evidence that the signatures thereto appended are genuine and that the persons signing the same are qualified electors. Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of electors. Each section of the petition shall be filed with the clerk, or registrar of voters, of the county or city and county in which it was circulated, but all such sections circulated in any county or city and county shall be filed at the same time. Within twenty days after the date of filing of such petition, the clerk, or registrar of voters, shall finally determine from the records of registration what number of qualified electors have signed the same; and, if necessary, the board of supervisors shall allow such clerk or registrar additional assistants for the purpose of examining such petition and provide for their compensation. The said clerk or registrar, upon the completion of such examination, shall forthwith attach to such petition his certificate properly dated, showing the result of such examination, and submit said petition, except as to the signatures appended thereto, to the Secretary of State and file a copy of said certificate in his office. Within forty days from the transmission of the said petition and certificate by the clerk or registrar of voters to the Secretary of State, a supplemental petition, identical with the original as to the body of the petition but containing supplemental names, may be filed with the clerk or registrar of voters, as aforesaid. The clerk or registrar of voters shall within ten days after the filing of such supplemental petition make like examination thereof as of the original petition, and upon the conclusion of such examination shall forthwith attach to such petition his certificate, properly dated, showing the result of such examination, and shall forthwith transmit such supplemental petition, except as to the signatures thereon, together with his said certificate, to the Secretary of State.

When the Secretary of State shall have received from one or more county clerks, or registrars of voters, a petition certified as herein provided to have been signed by the requisite number of qualified electors, he shall forthwith transmit to the county clerk or registrar of voters of every county or city and county in the State a certificate showing such fact, and such clerk or registrar of voters shall thereupon file said certificate for record in his office.

A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by him of a certificate or certificates showing the said petition to be signed by the requisite number of electors of the State.

No recall petition shall be circulated or filed against any officer until he has actually held his office for at least six months; save and except it may be filed against any member of the State Legislature at any time after five days from the convening and organizing of the Legislature after his election.

If at any recall election the incumbent whose removal is sought is not recalled, he shall be repaid from the state treasury any amount legally expended by him as expenses of such election, and the Legislature shall provide appropriation for such purpose, and no proceedings for another recall election of said incumbent shall be initiated within six months after such election.

If the Governor is sought to be removed under the provisions of this article, the duties herein imposed upon him shall be performed by the Lieutenant Governor; and if the Secretary of State is sought to be removed, the duties herein imposed upon him shall be performed by the State Comptroller, and the duties herein imposed upon the clerk or registrar of voters, shall be performed by such registrar of voters in all cases where the office of registrar of voters exists.

The recall shall also be exercised by the electors of each county, city and county, city and town of the State, with reference to the elective officers thereof, under such procedure as shall be provided by law.

Until otherwise provided by law, the legislative body of any such county, city and county, city or town may provide for the manner of exercising such recall powers in such counties, cities and counties, cities and towns, but shall not require any such recall petition to be signed by electors more in number than twenty-five per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies. Nothing herein contained shall be construed as affecting or limiting the present or future powers of cities or counties or cities and counties having charters adopted under the authority given by the Constitution.

In the submission to the electors of any petition proposed under this article all officers shall be guided by the general laws of the State, except as otherwise herein provided.

This article is self-executing, but legislation may be enacted to facilitate its operation, but in no way limiting or restricting the provisions of this article or the powers herein reserved.

EXPLANATIONS OF VOTE.

The following statements were sent to the desk and ordered printed in the Journal:

MR. SPEAKER: In explanation of my vote on Senate Constitutional Amendment No. 23, I wish to state that I voted against this amendment for the reason that the proponents of this measure would not separate the judicial from the other officers contemplated in the recall amendment.

I am unalterably opposed to the recall of the judiciary, which I consider revolutionary in character and a direct attack on the very foundation of our government.

J. R. CRONIN,
Twentieth District.

Also:

MR. SPEAKER I have voted for Constitutional Amendment No. 23, as finally passed, providing for the recall of all officers elected by the people, including the judiciary of the State, because I think the people are entitled to an opportunity to adopt this principle, if they so desire. I voted to eliminate the judiciary from Constitutional Amendment No. 23, as finally passed, because I am opposed at this time to including in the recall provisions of the proposed constitutional amendment the judges of the courts of the State.

F. G. STEVENOT.

Also:

MR. SPEAKER I cast my vote against the submission of Senate Constitutional Amendment No. 23, providing for the recall, not because I am opposed to the recall as a general proposition, but solely for the reason that the amendment included the judiciary. I am in favor of the recall for all officers except judges. But I am opposed to the recall of the judiciary, for the reason that the Republican platform, and my own opinion, is in favor of a removal of the judiciary from politics. The Republican party in the last convention adopted a platform declaring itself in favor of the initiative, referendum and the recall. No one ever considered that the recall was expected to extend to the judges, until the author of the constitutional amendment construed the recall plank to mean the judges. The same party, in the same convention, by the same platform declared itself against his contention, by adopting a further plank in the platform providing for a non-partisan judiciary column upon the official ballot, in which all judicial candidates should be placed without any partisan designation, for the single reason that the judiciary should be forever removed from politics. I believe that the non-partisan judiciary column on the official ballot for judges will remove the judiciary from politics, a condition with which I am in hearty accord. On the other hand I believe that to make the judiciary subject to the recall will plunge it deeper into politics than it ever was before and tend to make it subservient to partisan, political, and almost every other question, which, for the time, might agitate the public mind.

Therefore, believing that such a condition would be at least injurious, if not dangerous, to the public welfare, I voted against the submission of the amendment.

CLYDE BISHOP.

Also:

MR. SPEAKER I voted for the proposed amendment to Senate Constitutional Amendment No. 23 because I feel that there is an honest difference of opinion among the electors of the State as to whether judicial officers should be subject to the recall. In view of that difference in opinion I have always believed that there should be two constitutional amendments submitted to the people, one applying to judicial officers, and one applying to executive and legislative officers. I felt that this could be accomplished by eliminating from the Senate amendment all reference to the judiciary, and then submitting to the House Assembly Constitutional Amendment No. 22, amended so as to embrace only the judiciary.

My vote, therefore, should not be taken as an indication of opposition to the recall as applied to judicial officers, for I am not opposed to such recall, but I have always felt, and I still feel, that the people are entitled to the opportunity to vote upon these propositions separately. Since, however, the majority of the members of the Assembly believed separation inadvisable I deemed it my duty to vote for the amendment as it came from the Senate.

W. A. SUTHERLAND.

Also:

MR. SPEAKER: In explanation of my vote on Senate Constitutional Amendment No. 23, relative to the recall, I desire to state that I favor the recall of legislative

and executive officers, and am unequivocally opposed to the recall of judicial officers. That by reason of this conscientious opinion, I desire to enter my solemn protest against being compelled to vote upon the subject of the recall as a whole, and being denied the right to vote for the recall of legislative and executive officers. My reason for opposing the recall of the judiciary are, briefly, that judges are arbitrators and not agents, and the recall of such officers places them in the position of being subject to the influence of one of the parties to the action in every case where the people of the State are a party to or interested in the action: that, in my opinion, the recall will hopelessly immerse the judiciary in politics instead of removing them therefrom, and I deem this to be reactionary, un-republican, and a menace to the liberty of the people of the State; that I believe the recall of the judiciary will result in the placing on the bench of no one but moral cowards, and the degradation of justice to the base use of serving political ends.

I consider the recall of the judiciary as un-American and the most dangerous blow ever aimed at the integrity of the institutions of our republic or the very liberty of its people, and while I believe its advocates are actuated by the highest motives for the public welfare, I reserve my American right to follow my own judgment and my own opinion.

GEORGE H. HARLAN,
Twenty-first District.

Also:

MR. SPEAKER: I desire to have printed in the Journal an explanation of my vote on Constitutional Amendment No. 23.

I have voted for the amendments to that measure, in the hope that I could have an opportunity of casting my vote for the recall of all elective officers except the judiciary, as one proposition, and for the judiciary as another separate and distinct proposition.

I believe in the right to recall elective officers except the judiciary, and would have been pleased to cast my vote in favor of such a measure, if I had an opportunity so to do. I am unalterably opposed to the recall applying to the judiciary, for the reason that I believe that the judiciary must be kept above the influence of public sentiment, fancies, and whims. If the judiciary is subject to recall, it will, in my opinion, mean that the caliber of the men upon the bench will deteriorate, and I fear very much that the Constitution, the statutes, the decisions and the laws will not be the bright star which shall guide the bench in rendering decisions, but, on the contrary, the controlling influence will be that portion of the community which will be able to make the most noise.

In view of my opinions above stated, and of the refusal of the Assembly to divide the question, I feel it my duty to vote against the said Senate constitutional amendment.

MILTON L. SCHMITT,
Fortieth District, San Francisco.

Also:

MR. SPEAKER: I vote for this constitutional amendment with regret that this House has seen fit to ignore the request of a large minority that the recall of the judiciary be submitted separately. I consider the present tendency toward lack of confidence in our judiciary a tacit confession of the failure of elective judiciary and consider the application of the recall to that body an advance in the wrong direction. I consider the principles governing the application of the recall to legislative and executive officers based upon absolutely different principles from those surrounding the judiciary. Recognizing the principle that the source of subsistence controls to a greater or less degree the will of every man, I vote for this measure in the sincere hope it will do what its proponents claim for it.

CHAS. B. ROSENDALE.

Also:

MR. SPEAKER: I believe that the proposition to recall judges should be submitted to the people in a separate constitutional amendment, and not jointly with that of the recall of all other state officers. Had the two propositions been submitted by separate constitutional amendments I would have voted to submit them both to the people. I do not consider it fair to that large class of citizens who are conscientiously opposed to the recall of the judiciary, to submit the two propositions in one amendment. With others in the Assembly, of my way of thinking, I have endeavored to have the question of the recall of the judiciary submitted in a separate amendment. The Assembly having refused to do so, I find it necessary to cast my vote against Senate Constitutional Amendment No. 23.

HENRY WARD BROWN.

Also:

MR. SPEAKER: I hereby request that the following explanation for my vote on Senate Constitutional Amendment No. 23, be printed in the Journal of this day:

That while I am in favor of a general recall amendment, I am unalterably

opposed to any recall amendment that applies to the judiciary, and for that reason voted against Senate Constitutional Amendment No. 23 to-day.

I am opposed to the recall of the judiciary for the reason that I do not believe in election of the judiciary, and therefore do not believe in the recall of such officers. I believe in the appointment of the judiciary, and do not believe in anything that makes judges go before the public for election, nor if elected, subjects them to another campaign to maintain their position.

It shall then deliver the assessment roll to the auditor and ex officio assessor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor and ex officio assessor as being the assessment roll of said tax.

Limit of Tax Levy.

Sec. 57. The tax levy authorized by the council to meet the municipal expenses for each fiscal year shall not exceed, except as herein provided, the rate of one dollar on each one hundred dollars of the assessed value of all real and personal property within the city. Such levy shall be placed in the general fund, which may be apportioned by the council, except as otherwise provided in this charter.

Bond Tax. Library Tax.

Sec. 58. The council shall have power to levy and collect taxes in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the city and to provide for the establishment and support of free public libraries and reading rooms.

Cash Basis Fund.

Sec. 59. The council shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one half cents on each one hundred dollars of the assessed value of said property shall be placed in such fund until the accumulated amount in such fund shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year.

The council shall have power to transfer from the cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the cash basis fund be returned thereto before the end of the fiscal year.

Sec. 60. All taxes assessed, together with any percentages imposed for delinquency and the cost of collection shall constitute liens on the property assessed; every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by a sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance; *provided*, that when real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city, in like case and in like manner and with like effect and with like right or redemption, as it may be struck off and sold to the state when offered for sale for state and county taxes, except that no certificate or receipt need be delivered to the State Controller, and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereafter.

Duties of the Auditor.

Sec. 61. The auditor shall be ex officio assessor. As assessor he shall perform all the duties prescribed by this charter or by law for assessing property in the city for purposes of taxation. As auditor he shall keep and number a record of all demands allowed by him, showing the date of approval, amount and name of original holder, the number, on what account and out of what fund payable. He shall be

required to be constantly acquainted with the exact condition of the treasury. He shall within one week after the close of each month, or oftener if required, report to the council the condition of each fund in the treasury. He shall keep a complete set of books for the city, in which shall be set forth in a plain and businesslike manner every money transaction of the city, so that he can tell at any time the exact condition of the city's finances. He shall make an annual report showing the sources from which the city's revenue was derived and how expended.

The auditor must prepare, countersign and deliver from time to time to the treasurer, and to every officer authorized by law to charge or collect any fee, commission, percentage, allowance or compensation for the performance of any official service or duty, as many receipts as may be required, charging therewith the treasurer or other officials receiving them. He shall draw and sign all warrants upon the treasury. Every demand against the city from whatever source, including the school department and the Vallejo free library, when allowed by the council or proper board, shall have stamped upon it the date of approval by such body and shall be signed by the president and secretary or clerk of such body and shall then be presented to the auditor, who shall satisfy himself whether the money is legally due and remains unpaid and its payment authorized by law and out of what fund. After such examination he shall approve or reject the claim in whole or in part and indorse on such demand his approval or rejection over his signature, together with the date thereof. If it is approved the fund out of which it is to be paid shall be designated. If it is not approved, unless the party presenting it is willing to take in full for the entire demand the sum offered, the auditor shall reject it and return it with his reasons for rejection, to the body which originally authorized it; then, if it is allowed by a two-thirds vote of the entire body authorizing it, it shall be audited in the same manner as if it had not been rejected, provided the body had the authority to make the expenditure out of which the claim arose.

No demand upon the city treasury shall be considered, presented for action, or acted upon, allowed or approved unless it specified on its face each several item composing it and the amount and date thereof. Every demand on any fund shall be numbered and acted upon by the auditor in the order of its presentation to him; and when allowed either in whole or in part, the warrant therefor shall be numbered and entitled to payment out of said fund in the same order as allowed. No demand upon the treasury shall be allowed by the auditor in favor of any officer or other person or any firm, company or corporation, or his or its assigns, who is in any manner indebted to the city upon an obligation due the city, without first deducting therefrom the amount of such indebtedness. He shall on application of any person indebted to the city, holding money payable into the city treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasurer with the amount received.

It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and forthwith notify the treasurer of such apportionment.

If for any reason a warrant remains unpaid for a period of three (3) years, during all of which time funds have been available to meet it, the auditor may cancel it upon his records, but he must at the same time enter a record of it upon a book kept for that purpose, and should demand be made for payment of the claim involved at a subsequent date, draw a warrant in payment therefor against the general fund of the fiscal year then current.

Money to Meet Warrants.

SEC 62. When the running expenses of the city have been placed on a cash basis, warrants payable on demand shall be drawn upon the treasurer, or against any funds in his hands, only when at the time of the drawing and issuing of such warrants there shall be sufficient money in the appropriate fund in the treasury to pay said warrants.

Disposition of Money Collected

SEC 63. Every officer collecting or receiving any moneys belonging to or for the use of the city shall settle for the same with the auditor on or before the last day of each month or at more frequent intervals as may be directed by the council, and immediately pay all the same into the treasury, on the order of the auditor, for the benefit of the funds to which such moneys severally belong. When the last day of the month falls upon Sunday or a legal holiday, the said payments shall be made on the next preceding business day. The council may provide, in its discretion, for the deposit of the city moneys in banks in accordance with the state law.

Uniform Accounts and Reports.

SEC 64. The council shall prescribe uniform forms of accounts, which shall be observed by all officers and departments of the city which receive or disburse moneys. Whenever an act shall be passed by the State Legislature calling for uniform municipal reports, the city authorities shall be governed thereby.

Procedure in Making Contracts.

(2) The council shall, by ordinance, provide a regular and orderly procedure for the letting, making and satisfactory performance of all public contracts, to the end that the interests of the city may be properly safeguarded. Such procedure shall, among other things, provide for the making of proposals for doing public work and for furnishing material or supplies to the city on printed forms prepared and supplied by the city; for forms and requirements of affidavits of genuineness and good faith in making bids, with penalties for the disregard thereof; for proper security, in money or otherwise, to accompany bids, and the forfeiture thereof on failure to fulfill any contract; for the time and manner of receiving, opening, examining, declaring, rejecting, and awarding bids; for the signing and filing of an adequate number of copies of all contracts, and for the proper execution in favor of the city of sufficient bonds to ensure the faithful and satisfactory performance of every contract.

Endorsement of Auditor Upon Contracts.

(3) No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessment upon the property benefited, shall be binding or of any force, unless the auditor shall endorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The auditor shall make such endorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount so certified by the board or officer making the contract, and thereafter such sum shall be held and retained to pay the expense incurred until the contract shall be fully performed. The auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

Progressive Payments on Contracts.

SEC. 66. Any contract may provide for progressive payments, if in the ordinance authorizing or ordering the work permission is given for such a contract. But no progressive payments can be provided for or made at any time which, with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the proper officer, department or board.

Such notice shall distinctly and specifically state the work contemplated or supplies to be furnished; *provided, however,* the council may reject any and all bids, if deemed excessive, and readvertise for bids, or provide for the work to be done by the department of public works or the supplies to be purchased in the open market; but in no case shall such supplies be bought at a price as high as the lowest bid received from a responsible bidder. In case no bid is received the council may likewise provide for the work to be done by the department of public works or the supplies to be purchased in the open market.

Contracts for Official Advertising.

SEC. 68. The council shall let annually contracts for the official advertising for the ensuing fiscal year. For this purpose the council shall advertise for three con-

The council shall let the contracts for such official advertising to the lowest responsible bidder publishing a newspaper in the city which is a newspaper of general circulation; *provided*, that the council may reject any or all bids if found excessive, and advertise for new bids; *and provided, further*, that except in cases made mandatory by any law of the state or any provision of this charter, the council may provide for publication by printed or typewritten bulletins which shall be posted in not less than three public places within the city. No bill shall be paid by the city for advertising in excess of the minimum rates charged other advertisers.

Collusion With Bidder--Effect on Officer.

SEC. 72. Any officer of the city, or of any department thereof, who shall aid or assist a bidder securing a contract to furnish labor, material or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information or who shall wilfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office, and be forever ineligible to hold any office or employment in or under the city of Vallejo.

Penalty for Collusion.

SEC. 73. License Tax.

SEC. 96. The city shall have the right to license or tax street cars, telephones, gas meters, electric meters, water meters and all other devices for measuring service; also telephone, telegraph, electric light and power poles, subways, conduits and wires. The said license or tax shall be in addition to all other lawful taxes levied thereon or upon the property of the holder thereof.
